This will provide your child with the opportunity to get acquainted with our facilities and staff. We strongly encourage you to bring your child, even if he has been to camp before.

Please bring your child without siblings so that he will gain the most from the Orientation.

If your child has particular needs, or if there are any issues that call for in-depth discussion, please email or phone your child's Division Head. We want to talk with you, but during Orientation there will not be time for long conversations.

If your child will be attending the Afternoon Enrichment Program, be sure to visit both your child's morning and afternoon rooms.

If this is your child's first experience in camp and the Sunday Orientation does not allow sufficient time to acclimate your child, please contact your child's Division Head to schedule an additional session. Parents of campers in the Bright Beginnings Program are especially encouraged to schedule an additional visit. At starting time on the first day of camp we ask all parents to please leave.

If your child will be attending second session only, please contact your child's Division Head to schedule a visit before your child's first day.
